Up to three (3) additional fobs for other people who pick up are available upon request. There is a \$15.00 refundable deposit for each additional fob.

## **BATHROOM POLICY FOR CHILDREN**

Each class at First Church Early Learning Center has bathroom time scheduled as part of their routine. The children are each sent to the bathroom numerous times during the course of the day, including prior to naptime (which is at most 2 hours) for full day students. For this reason, children who attend First Church Early Learning Center must wear underwear. Independence from diapers and pull-ups is expected. First Church Early Learning Center is licensed by the State of Connecticut as a preschool for children ages three to six. Our teacher to child ratio is 1 to 10. Constant accidents that change the ratio of the classroom based on what is expected and required by the State of Connecticut may alter your child's ability to participate in classroom activities. If your child is not completely potty/toilet trained, the extra time required for toileting will cause him or her to miss out on valuable educational learning opportunities.

Children who attend First Church Early Learning Center:

- 1. Wear underwear all of the time (Independence from diapers and pull-ups is expected).**
- 2. Dress and undress independently to use the toilet.**
- 3. Are able to wipe after completing bodily functions.**

We recognize that each child's development is different and we welcome the opportunity to help them achieve success. Our goal is to have all children verbalize to staff when he or she needs to use the bathroom and to be able to wake up to go to the bathroom during naptime. The staff members of First Church Early Learning Center encourage children to be independent with self-care tasks and work in partnership with parents to promote consistency.

**This, as with all policies, is at the discretion of the Director of First Church Early Learning Center.**

## BEHAVIOR MANAGEMENT

### PHILOSOPHY

The approach to discipline is to help the child learn self-control. Discipline is viewed as a learning process. In our programs this process is carried out by:

- ◆ Providing a learning environment where there is consistency and a daily routine of activity.
- ◆ Making rules and limits clear and developmentally appropriate. The expectation of the children is stated clearly and positively.
- ◆ Using redirection to focus a child's attentions away from unnecessary confrontations.

A positive approach is essential in reinforcing a child's success. Appropriate discipline requires planning, setting clear limits, redirection and logical consequences. Punishments such as humiliating, disrespecting, striking, shaming, use of bribes, false threats, withdrawal of food, or inappropriate contact of any kind will not be used towards a child by any staff member. If this approach is not followed, appropriate action will be taken.

Appropriate behavior will be praised, reinforced, encouraged, and used as a model for other children to follow.

Parent(s)/guardians are asked to follow these same guidelines at home and must refrain from any form of physical or verbal punishment while in our center.

### GUIDANCE AND DISCIPLINE

The staff shares the philosophy that guidance and discipline are opportunities to support each child's development of positive problem-solving skills and self control. We understand that young children are constantly striving for independence and an understanding of their environment. It is our responsibility to create a safe and consistent environment that helps child gain self-confidence, self-control, and an understanding of his or her feelings. We believe guidance and discipline are part of a lifelong continuous growth process. Together we can foster each child's development in making appropriate choices for today and for their future.

Our guidance and discipline goals are carried out by:

**TEACHERS WHO SERVE AS ROLE MODELS FOR APPROPRIATE BEHAVIOR.** - Our teaching staff consistently sets examples and models ways for children to express their feelings and effectively solve problems by using effective and timely communication skills.

**CREATING AN ENVIRONMENT THAT IS SAFE AND COMFORTABLE FOR ALL CHILDREN.** - Our programs offer a variety of age-appropriate toys and activities which allow children the opportunity to experiment with their world and socialize with their peers.

**STATING CLEAR AND CONSISTENT RULES.** - Children are better able to express themselves and successfully work within their environments when they are aware of what is expected and the limits that exist.

**ACKNOWLEDGING AND RESPECTING EACH CHILD'S FEELINGS.**

Teachers help children to understand their feelings and express them in a positive manner.

**USING REDIRECTION TO FOCUS THE CHILD'S ATTENTION TOWARDS A MORE POSITIVE OUTCOME.**

Redirection helps to avoid unnecessary confrontations and guides children so that they make appropriate choices.

**DEVELOPING CONSISTENT AND ONGOING COMMUNICATION BETWEEN TEACHING STAFF AND PARENTS.**

Open lines of communication, each day, will help the adults in the child's life understand the stages of development. This shared knowledge will give the adults the information to meet the needs of the child.

First Church Early Learning Center defines unacceptable behavior as:

- ◆ A child who continuously interrupts the flow and continuity of the program and requires constant one-on-one attention.
- ◆ A child inflicting physical or emotional harm on other children or staff.
- ◆ A child who is consistently unable to follow the rules or expectations of the program.
- ◆ A child/parent/guardian uses abusive language or threatens other children or staff members.
- ◆ A child who continues to behave against the center policy described in the handbook.
- ◆ The teacher/Director feels that the program can no longer function effectively due to the unacceptable behavior of the child.

### PROCEDURES

If a child engages in unacceptable behavior:

1. The child will be assisted by the staff and redirected to an appropriate activity and given suggestions for positive alternatives.
2. If this is not effective, the child will be removed from the activity and the child and staff will engage in a period of "THINKING TIME." This enables the staff and the child to discuss the situation and come to a reasonable solution regarding the child's behavior. It helps the child make a better choice next time. Then the child will be redirected back to an appropriate activity.
3. Parent(s) or guardians will be informed by a staff member of recurring inappropriate behavior. Parent(s)/guardians will be asked to help correct the situation by offering suggestions and support and involvement. Staff will document inappropriate behavior to help staff and parent(s)/guardians develop an insight into patterns of behavior.
4. A conference with the parent(s)/guardian, teachers, and/or Director may be required to discuss the child's behavior further. To help address behavior concerns resource information including, but not limited to, community partners, health consultants and/or mental health consultants can be provided to the parent(s)/guardian.

If the above steps have been followed and the child's inappropriate behavior continues, the child may be dismissed from the program. However, if a situation occurs that severely jeopardizes the health, safety and well-being of the children and staff in the program, the Director reserves the right to dismiss a child immediately, without advance warning or notice.

First Church Early Learning Center believes that children should be encouraged to verbalize their feelings, frustrations, and anger in a constructive manner and should be encouraged to resolve problems and work out solutions with minimal staff interaction, unless the situation is dangerous. Our goal is to help children learn from their experiences and to always treat them with respect.
